

# TRAINING CENTRE PROGRAMME AND FEE STRUCTURE

## St Andrews S107 and Steps

St Andrews S107 and Steps are working together to create a community of acceptance and belonging through the development of an onsite Training Centre.

As an inclusive school, S107 strongly believes all learners should have the opportunity to access appropriate and meaningful education. Our partnership with Steps ensures that our learning pathways are diverse and offer learners different ways to achieve.

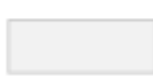

Steps specialises in life skills training and transition to employment preparation. Steps prepares learners for their futures by giving them the tools, support, and self-confidence to achieve their goals.

The onsite Steps Training Centre is aimed at young people who need an alternative approach to education and preparation for work, with individualised programmes and a focus on building social skills, transferable skills, and confidence.

Learners attending the programmes will have the opportunity to gain hands-on work experience, both in the onsite Steps cafe, and as they progress through the programme, at other Steps business and with their employment partners which cover a range of industries. Learners will also gain life skills and employability related ASDAN qualifications.

## Steps Employer Partners

Opportunities available company wide across the companies in these sectors:
